GENERAL INFORMATION & RESOURCES

SmartSimple Grants Management System (GMS) allows applicants to manage their applications for different funding programs, follow the status of applications, receive any post-award information, submit requested materials, and communicate with PSI Staff.

Please Note: For PSI Graham Farquharson Knowledge Translation Fellowship and PSI Research Trainee Award, applications must be submitted by a University Contact (i.e. a representative from the medical university), not the candidate. A University Contact from each medical university is required to register and create an account in GMS, start the online application, then submit the application to PSI. If applicable, a University Contact may also invite the candidate to complete fields in the application before submitting to PSI.

Support:

Please contact PSI staff if you encounter any issues. PSI can be reached at psif@psifoundation.org.
